

REMARKS

In the foregoing amendments, Applicants respectfully submit drawings with the reference numbers added which reference numbers were inadvertently omitted from the originally submitted drawings. Further, the threaded handle screws corresponding to reference number 412 have been added to FIG. 4, which threaded handle screws were inadvertently omitted from the originally submitted drawings. Applicants respectfully submit that the threaded handle screws are discussed in the specification as originally submitted.

Upon entry of this Preliminary Amendment, the drawings contain the appropriate reference numbers and FIG. 4 contains the threaded handle screws referenced in the specification. It is believed that the foregoing amendments add no new matter to the present application.

Favorable consideration of the present application is hereby courteously requested. If, in the opinion of the Examiner, a telephonic conference would expedite the examination of this matter, the Examiner is invited to call the undersigned agent at (770) 933-9500.

Respectfully submitted ,
